THE PUBLIC SERVICE COMMISSION OF
SOUTH CAROLINA
DOCKET NO. 2001-401-C - ORDER NO. 2003-137

MARCH 12, 2003

IN RE: Application of Optimation Services, Inc. for a)	ORDER CANCELLING
Certificate of Public Convenience and)	CERTIFICATE
Necessity to Operate as a Provider of)	
Interexchange Telecommunications Services)	
within the State of South Carolina.)	

This matter comes before the Public Service Commission of South Carolina (“Commission”) on the request of Optimation Services, Inc. (“OSI” or the “Company”) to cancel its Certificate of Public Convenience and Necessity to provide interexchange telecommunications services within the State of South Carolina.

By letter dated February 4, 2003, OSI advised the Commission that the Company was requesting cancellation of its Certificate to operate as a reseller of intrastate interexchange telecommunications services within the State of South Carolina. OSI’s authority to provide resold intrastate interexchange telecommunications services was granted by Order No. 2002-72, dated February 5, 2002.

As reasoning for its request, OSI states that the Company has no customers in South Carolina. OSI adds that since the Company has no customers for its telecommunications services in South Carolina, cancellation of OSI’s Certificate will have no effect on any consumers in the State.

As OSI, by its own acknowledgment, is not providing the services for which its Certificate was granted, the Commission finds and concludes that OSI’s Certificate of

Public Convenience and Necessity to provide intrastate resold interexchange telecommunications services within the State of South Carolina should be cancelled.

IT IS THEREFORE ORDERED THAT:

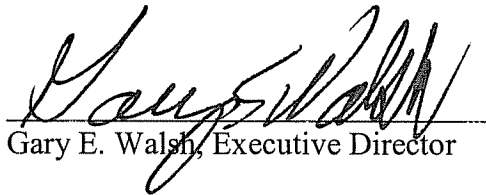

1. The Certificate of Public Convenience and Necessity to provide intrastate interexchange telecommunications services authorized by Order No. 2002-72, dated February 5, 2002, issued in the instant docket to Optimization Services, Inc. is hereby cancelled.

2. This Order shall remain in full force and effect until further Order of the Commission.
